

BACKYARD BIOBLITZ BINGO WORKSHEET

Once you complete your BINGO, spend some more time outside and answer these questions:

- 1) Find two trees that look different from each other. Different types of trees will have different BARK, different LEAVES, and sometimes you can also see different FLOWERS or FRUITS. Draw the BARK, a LEAF, a FRUIT or a FLOWER from each tree.

TREE 1

TREE 2

I drew BARK LEAF FLOWER FRUIT (circle one) from both trees. Description words can describe things like a color, a shape, a size, or how something feels.

A word to describe what I drew from TREE 1 is _____

A word to describe what I drew from TREE 2 is _____

Now write some other ways these trees were DIFFERENT from each other.

2) The COOLEST thing I found outside was

3) The SMALLEST thing I found outside was

4) The BIGGEST thing I found outside was

5) Biodiversity is:

- a. The variety of life on earth
- b. How many different types of living things there are
- c. Important for a healthy planet
- d. All of the above

6) Where a plant or animal lives is called its:

- a. Food web
- b. Apartment
- c. Habitat
- d. Hidey hole

7) Fewer habitats means less biodiversity, which is a sign of an unhealthy planet. Circle whether you think these things can help INCREASE or DECREASE biodiversity on the Earth.

- | | | |
|--|----------|----------|
| a. Leaving trash on the ground | INCREASE | DECREASE |
| b. Building huge cities | INCREASE | DECREASE |
| c. Using less fresh water at home | INCREASE | DECREASE |
| d. Building more roads and highways | INCREASE | DECREASE |
| e. Growing native trees and plants | INCREASE | DECREASE |
| f. Picking up trash and throwing it away | INCREASE | DECREASE |
